

We had a successful meeting on 12 Jan, 2004.

1. Up Coming Events:

a. Time Trial Series! The Draft Schedule is the last three Saturdays in Feb (13th, 20th, and 27th and first two Saturdays in Mar (6th and 13th). Start time will be 1PM, Routes will vary (Cargill to Wade 11 miles and Cargill to Wade to Cargill 22 miles). We are attempting to have at least one of the time trials as a USCF event... most likely 13 March. The race committee will need to get together and start working out the details in the near future. This will be a series event. Prizes will be given to the most improved and fastest each category. Anyone interested in preparing for these events please come out and ride on the Saturday morning rides (mini clinics). We can begin as a group to warm up. At Cargill we can start out individually or as two person teams to Wade. Regroup at Wade and continue the club ride. I will be happy to give you some pointers. As well, I hope we can have a Time Trial Clinic at the Feb Club Meeting if not earlier.

b. Road Race at Pope AFB, May 16th. Jeff Lorenzen has been working on this and we will have more information in the coming months.

2. Ft Bragg affiliated. Mike Thomas is working on building a relationship with Ft. Bragg. Looks like we will be having events and support in the near future at Ft. Bragg.
