D. Administration

- 1) Merchandise Update – We discussed getting quotes for T-shirts, tech shirts, and hats. After determining cost we would can decide if the shirt would be a part of a club membership, or some additional cost for members.
- 2) Review of actionable items
 1. *Club Facebook Page:* The club Facebook page was opened again as a Public club. The 'outward facing club page on Facebook' was archived. Intent behind this is to allow easier access to ride information for both current and future members. The caveats are that we will not discuss club business on the page and we must encourage those on the page to become registered members. The club meeting and monthly email will serve as the venue for discussions of any issues. Admins should delete any discussions of this nature. Posts should be focused on promoting and celebrating club rides, and limited otherwise. Need to create a pinned post on the Facebook page detailing what is and is not acceptable.
 2. *Club Website:* The response for a new web host has been tepid at best. We have had some interest from current and past members, but our ideal candidate is not a member or with the club. Areas identified for improvement include member registration, to include "frustration-free" and mobile (cell phone browser) registration. Aldo recommended looking into meetup.com as a possible alternative. Oquindle ("Q") recommended looking into

active.com. Both of these are options that could supplement, rather than replace the current webpage.

E. Other Business

1) CCA Time Trial Review

- i. Budget-Numbers are still being closed out. Will be finalized for a more complete review at August meeting.
- ii. Feedback from the participants was overwhelmingly positive. The course, breakfast, and overall efficient operation were specifically mentioned by riders.
- iii. Areas of improvements included the following:
 1. Start earlier, with the understanding that CCA limited much of our initial efforts
 2. Articulate to the Club why we are hosting a time trial (provide riders an opportunity to race locally, spread info about C4, give back to the cycling community, potentially make money for the club)
 3. Assign roles and detail responsibilities earlier (Race Director, Course Director, etc.)
 4. Develop and Use Checklists
 5. Event should have it's own web and Facebook page, not piggyback on the Club's pages.
 6. Event participants and volunteers should receive a welcome email (directions, course layout and description, final time information, etc.) This should go out upon registration, with a week to go, and the day prior (with final start times).
 7. Create a separate volunteer sign-up link. Determine numbers of volunteers before committing to event. Reach out to other organizations (Tri Warriors, Key Clubs, Lions, Honor Societies, etc.) for volunteers
 8. Course director/volunteer coordinator should bring course marshals to their assigned spots and brief them on site.
 9. Use signs in addition to paint to mark the course turns. Put signs out the morning of the event.

- 2) *Discussion about gifting membership to a local rider.* It was suggested to provide a membership to a local rider based on his recent performances at national cycling events. As the riders participation did not provide specific benefit to the club (i.e. wearing club kit, hosting a clinic, etc.) this did not move forward to a vote.

F. Adjournment – The meeting was adjourned at 8:28 PM. The next club meeting will be August 5 at 7:00 PM at the Hilton Garden Inn.

Competition Committee Report – June 2019

The racing has slowed down a bit but the Benbows represented the team up near Raleigh with Nicole competing in the TORC MOAR Stage Race at Crabtree and Brumlee, with Andrew racing at the Crabtree event. Andrew did the whole Berger short track series as well. Chris Herring raced the (3) hour event of the Curse at the Crab in the heat and humidity last weekend.
